

ORDINARY MEETING.

FRIDAY, 13TH MAY, 1910.

R. BULLEN NEWTON, F.G.S., President, in the Chair.

The President addressed the Members present as follows:—

Before proceeding with the ordinary business of the meeting, I feel that I shall have the approval of all members of the Society in placing upon record an expression of our intense sympathy with the Royal Family in their present bereavement. Mere words are quite insufficient to indicate the greatness and importance of those services which the late King Edward VII rendered to his people and his country. His many-sided interests, coupled with the performance of gracious acts in every department of life, made him the very idol of the nation, and we feel individually that we have lost a friend of long standing. But although the country mourns, as well as the whole civilized world, at so irreparable a loss, it is our part now to encourage with all loyalty and devotion the new Monarch, King George the Fifth, trusting that his reign may be prosperous and happy, and fraught with that same wisdom and tact which so characterized the brilliant though short rule of his late father.

The following communications were read:—

1. "On the Mollusca procured during the 'Porcupine' Expeditions, 1867-70." Supplemental Notes, Part IV. By E. R. Sykes, B.A.
2. "The genus *Cremnobates*, Swainson." By C. Hedley and H. Suter.
3. "Notes on Polyplacophora, chiefly Australasian." Part II. By Tom Iredale.
4. "Notes on and Additions to the Terrestrial Molluscan Fauna of Southern Abyssinia." By H. B. Preston, F.Z.S.

ORDINARY MEETING.

FRIDAY, 10TH JUNE, 1910.

R. BULLEN NEWTON, F.G.S., President, in the Chair.

The following communications were read:—

1. "A Revision of the Species of the family Pyramidellidæ occurring in the Persian Gulf, Gulf of Oman, and North Arabian Sea." By J. C. Melvill, M.A., D.Sc.
2. "On the Anatomy of *Rhysota Foullioyi*." By R. H. Burne, M.A., F.Z.S.
3. "Further Notes on the Dates of Issue of the Parts of Sowerby's *Conchological Illustrations*." By A. Reynell.
4. "Note on further British Localities for *Pisidium Steenbuchii*, Möller, and *P. Lilljeborgii*, Clessin." By B. B. Woodward, F.L.S.
5. "On *Petricola*, *Lucinopsis*, and the family Petricolidæ." By A. J. Jukes-Browne, F.R.S., F.G.S.
